MONEY & STRATEGY

A SHORT WEEK REWARDS CLEAR PRIORITIES

A shortened workweek does not have to be a lost week. In fact, fewer working days can help bring your most important priorities into sharper focus.

Instead of trying to squeeze five days of activity into four, identify the work that creates the greatest impact for your business. Focus first on customers, revenue opportunities, important relationships and the commitments that cannot wait.

Productivity is not about doing everything. It is about making sure the right things get done.

CHOOSE YOUR TOP THREE

Identify the three outcomes that would make this week successful and protect time to accomplish them.

THIS WEEK'S BUSINESS CHALLENGE

Schedule one meaningful follow-up, one revenue-building activity and one relationship-building conversation.

PROTECT YOUR TIME

Block time for your highest-value work before email, meetings and daily distractions fill the calendar.
